CEQIP workshops are traditionally focused on current theoretical challenges and paradigms of quantum information processing. This year it will take place in the chateaux of Valtice (UNESCO heritage area). The program will certainly include traditional wine tasting, bike tour and cipher game. The conference fee covers all local expenses. **Registration and submission are open.**

PROGRAM COMMITTEE: A.Ambainis, J.Bouda, C.Brukner, J.Eisert, M.Hillery, M.Horodecki, M.Plenio, R.Renner, A.Winter, M. Ziman

Orgs: Jan Bouda and Mario Ziman
